HZ024 USER MANUAL

Hygger zoo Reptile Heating Lamp

Hygger zoo Reptile Heating Lamp is specially designed for reptiles and suitable for various reptiles: turtles, bearded dragons, chameleons, snakes, spiders, birds, amphibians, etc. It is easy and flexible to install, and it can be clamped onto tank wall or fixed with screws for use. The lamp base model is E27, compatible with various standard E26 and E27 reptile lamps, such as fluorescent lamps, incandescent lamps, ceramic heating lamps, halogen lamps, and LED lamps. It helps increase UVA and UVB and maintains the vitality and appetite of reptiles. Provide the best living environment for reptiles to bring your beloved pet's life closer to nature and grow up healthily.

1.PRODUCT SPECIFICATIONS

- Input voltage: AC 120V 60Hz
- Power: Max 150W
- Working temperature: -20°C to 80°C
- Lamp base: Standard E27 lamp base, suitable for various standard E26 and E27 reptile lamps

2.PRODUCT FEATURES

- **Brightness & Temperature Adjustment:** You can adjust the brightness and temperature. Just press the "+/-" button to adjust them to adapt the different temperature environments and meet the needs of your pet.
- **Cycle Timing Functions:** The timing function can be set to 2H, 4H or 8H, allowing you to choose the heating time as required.
- **Reptile UVA+UVB Heating Bulb:** The package includes 2 UVA UVB bulbs, providing 3%-5% UVB and 97%-95% UVA respectively, featuring powerful and stable heating effects. UVA helps increase the vitality and appetite of reptiles. UVB promotes the synthesis of vitamin D3 and calcium absorption in reptiles, providing them with the best living environment.
- **Flexible Rotation Design:** Supports 360° rotation and bending, adjusts the support force, the position and direction of the lamp, also provides all-around heating. The flexible rotation function can adjust the lighting Angle at any time according to the arrangement of the glass tank to ensure sufficient heat. The anti-slip fixed clamp can easily secure the top or side of various reptile tanks. They can also be fixed with screw, which are less likely to fall off. It is suitable for all kinds of glass tanks, glass containers, turtle tanks, aquariums, and fish tanks.
- **Quality Service Guarantee:** This lamp can be used with incandescent bulbs, ceramic heating lamps, and compact fluorescent bulbs. With safe materials and UL-certified power cords. We offer a one-year quality warranty service. If you have any questions or product issues, please get in touch with us.

3.INSTRUCTIONS FOR USE

Part1 Ready to work

- 1) Ensure that the lamp is operated when the power is off.
- 2) Check the lamp for any damage.

Part 2 Installation steps

- 1) Before connecting the power supply, plug the lamp into the socket.
- 2) ① Clamp the lamp into the tank wall and adjust the Angle. It is recommended to keep it about 8-12 inches (20-30cm)(as shown in Fig 1).
② Or fix the clamp with a screw, and install it on the wall(as shown in Fig 2).
