HZ046 USER MANUAL

Hygger zoo Reptile Heating Lamp

Hygger zoo Reptile Heating Lamp is specifically designed for reptiles and suitable for various pets: tortoises, bearded dragons, chameleons, snakes, spiders, birds, etc. Featuring convenient and flexible installation, it can be clipped onto aquarium glasses. The adjustable height design not only regulates the distance between the lamp and pets but also fits most turtle basking platforms with mesh covers. Compatible with various E26/E27 socket reptile lamps (halogen lamps, fluorescent lamps, incandescent bulbs, ceramic heat emitters) via its E26 ceramic socket, this heating lamp provides optimal living conditions for reptiles, effectively promoting metabolism and supporting healthy growth for your beloved pets.

1.PRODUCT SPECIFICATIONS

Input voltage: AC 120V 60Hz

Ceramic socket model: E26

Working temperature: - 20°C to 80°C

Halogen lamp power: 50W

Halogen lamp color temperature: 3000K

2.PRODUCT FEATURES

- **Adjustable Brightness + Timed Lighting Duration + 24-hour Cycle Function:** The light supports lighting durations of 2/4/8 hours with 4 brightness levels. The smart 24-hour cycle feature simplifies reptile keeping for your pets.
- **UVA+UVB Heating Bulb:** The product includes two 50W halogen heating lamps, delivering 3% UVB + 30% UVA and powerful and stable heating performance. UVA helps enhance reptiles' activity levels and appetite; UVB facilitates vitamin D3 synthesis and calcium absorption in reptiles, providing the optimal living environment for your reptile pets.
- **Adjustable Height + Rotatable Design:** The heating lamp features 360° rotation and height adjustment. The flexible rotation allows real-time adjustments of lighting areas and angles based on terrarium layouts. The height adjustment accommodates varying basking platform heights or distances to reptile basking zones. A high-quality glass clamp secures the lamp to the tank glass with stability and reliability. Suitable for all types of turtle enclosures, reptile habitats, and mesh-topped turtle basking platforms.

3.INSTALLATION

Part 1 Installation Precautions

- 1) Ensure that all preparatory operations are performed only when the power is disconnected.
- 2) Inspect the lamp for any damage.

Part 2 Installation Procedures

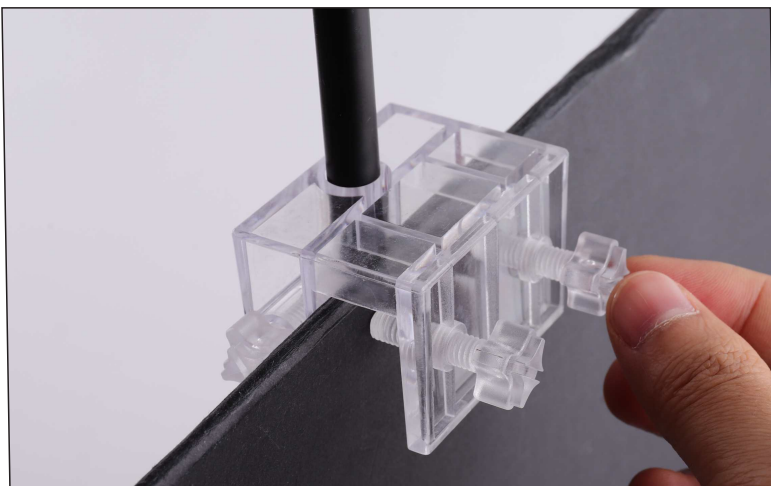

1) Before connecting to power, install the halogen lamp into the ceramic socket.

2) Determine the lamp's mounting height based on the terrarium layout, then tighten the height-adjustment screw.

3) Position the glass clamp at the tank glass and fasten both clamp screws after finalizing the installation location.

4) Connect the power supply and operate the controller to turn on and configure the heating lamp.

4.CONTROLLER INSTRUCTIONS

Timer Setting Instructions:

①Non-Cyclic Timing Mode:

Briefly press to select 8H lighting duration; the lamp automatically turns off after 8 hours.

NOTE: The lamp will not automatically turn on after the first day. Manual activation is required for daily use.

②24H-Cyclic Timing Mode:

When the light turns on at 9 AM:

Briefly press Timer Setting Button to set 8H timer, then long-press (3s) until 8H indicator flashes. The lamp automatically turns off at 5 PM (after 8 hours). The lamp will automatically turn on at 9 AM the next day, and turn off automatically after 8 hours.

The lamp will subsequently cycle automatically. Power interruption during operation deactivates the 24H-Cyclic Timing Mode, requiring full reboot and setup.

5.ATTENTIONS

1) Avoid contact with the bulb's hot surface during operation or immediately after power-off to prevent burns.

2) **Bulb Replacement & Compatibility:** The light's E26 ceramic socket supports various E26/E27-base reptile lamps. Note: Low-wattage LED bulbs may flicker when decreasing brightness if power output drops below their minimum operating current. Adjust brightness to resolve flickering.

3) **Keep Children Away:** Install the light fixture in a location inaccessible to children.

6.PACKING LIST

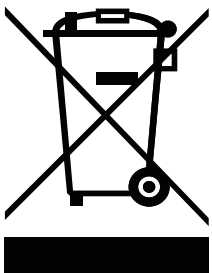

1x Heating lamp with controller

2x Halogen bulb

1x User manual

7.DISPOSAL

Do not dispose of this product as unsorted municipal waste. Collection of such waste separately for special treatment is necessary. This product must not be disposed of together with the domestic waste. This product has to be disposed of in an authorized place for recycling electrical and electronic appliances. By collecting and recycling waste, you help save natural resources, and make sure the product is disposed of in an environmentally friendly way.

8.ONE YEAR LIMITED WARRANTY

For this product, Hygger zoo offers one-year guarantee for free. If you discover a defect, please contact Hygger zoo, who will, at its option, repair or replace the product at no charge, provided that you return it during the warranty period.

A copy of the bill of sale is required as proof of the original purchase date if the product needs repairs within the warranty period. Hygger zoo One-year Limited Warranty does not cover damage caused by the following:

- 1)Artificial damage
- 2)Improper use or maintenance
- 3)Modifications or repairs without the written permission of Hygger zoo

If you have any other questions regarding warranty service or product use, please contact us at zoo@hygger-online.com upon presentation of proof of purchase and product information, and we will solve the problem for you as quickly as possible.

We reserve the right of final interpretation regarding the warranty coverage of this product.
