HZ055 USER MANUAL

Hygger zoo Turtle Basking Platform

PRODUCT OVERVIEW

The Hygger Zoo Turtle Basking Platform is designed for above-tank use, this platform maximizes your turtle's swimming space while providing a dedicated basking area. The non-slip textured ramp ensures easy climbing, while the high-clarity acrylic walls offer a 360° view of your pet. Featuring a heavy-duty metal mesh top for easy heat lamp placement, the rear panel can also be detached to create a dual-ramp system. Ideal for Red-Eared Sliders, Painted Turtles, Map Turtles, Musk Turtles, and other aquatic or semi-aquatic species.

1. PRODUCT SPECIFICATIONS

Product Name: Turtle Basking Platform

Materials: Acrylic Panels, Metal Mesh Cover, and Durable Plastic Screws and Nuts

Tank Compatibility: Fits tanks 11–13 inches wide

Ideal For: Red-Eared Sliders, Painted Turtles, Map Turtles, Musk Turtles, and other aquatic or semi-aquatic species.

2. PRODUCT FEATURES

1) **Panoramic Acrylic View:** The high-clarity acrylic panels provide a crystal-clear, 360° view of your turtle's basking behavior. This sleek, minimalist design seamlessly blends with your home decor while enhancing the overall look of your aquarium.

2) **Top Metal Mesh Cover:** The ventilated mesh cover allows maximum light and heat penetration from basking lamps. Its heavy-duty construction provides a stable, secure surface for mounting heat lamps and UV fixtures.

3) **Versatile Dual-Channel Design:** The platform includes two ramp panels for a dual-access setup. For a more compact look, simply remove one ramp panel and slide it into the built-in storage slots between the mesh top and base—allowing you to switch between single and dual-ramp configurations in seconds.

3. INSTALLATION

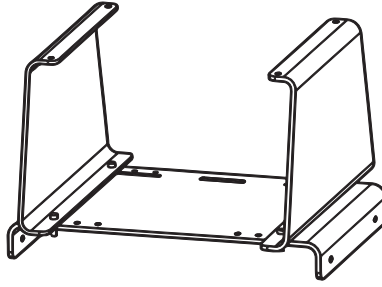

Part 1 Installation Precautions

1. Verify all screws and nuts are present and ensure all panels are undamaged before assembly.

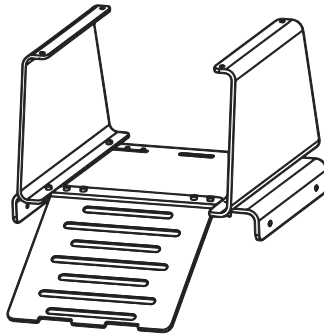

2. Remove the protective film from both sides of the acrylic panels.

Part 2 Installation Steps

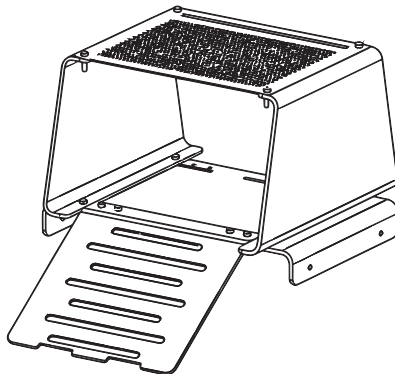

1. Place the base panel on a flat surface. Secure the two ramp panels using the included clear screws and nuts.

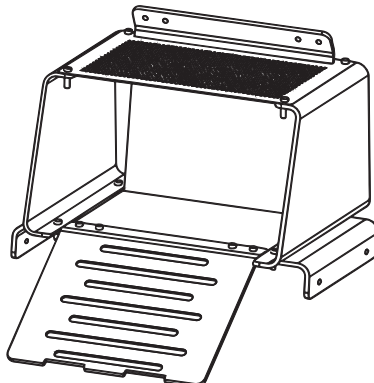

2. Install the first ramp panel using the screws and nuts. (If you prefer the Dual-Channel setup, install both ramp panels now).

3. Attach the metal mesh cover and secure it firmly with the screws and nuts.

4. With the long bent end facing down, slide the ramp panel through the slot in the mesh top until it seats securely into the matching groove on the base. (Skip this step for the Dual-Ramp setup)

4. ATTENTIONS

- 1) The Acrylic panels are heat-formed for durability. Small bubbles under the protective film near the bends are normal and will not affect the product.
- 2) For optimal efficiency and safety, center the basking lamp on the mesh cover. Avoid placing it near the edges, as it may cause the side panels to overheat or warp, and reduces basking efficiency for your turtle.
- 3) For easy climbing, we recommend submerging the end of the ramp panel approximately 1 inch below the water level.

5. PACKING LIST

- 1x Base panel
- 2x Side panel
- 1x Ramp panel
- 1x Mental mesh cover
- 20x Clear plastic screw
- 16x Clear plastic nut
- 1x User manual

6. DISPOSAL

Do not dispose of this product as unsorted municipal waste. Collection of such waste separately for special treatment is necessary. This product must not be disposed of together with the domestic waste. This product has to be disposed of in an authorized place for recycling electrical and electronic appliances. By collecting and recycling waste, you help save natural resources, and make sure the product is disposed of in an environmentally friendly way.

7. ONE YEAR LIMITED WARRANTY

For this product, Hygger zoo offers one-year guarantee for free. If you discover a defect, please contact Hygger zoo, who will, at its option, repair or replace the product at no charge, provided that you return it during the warranty period.

A copy of the bill of sale is required as proof of the original purchase date if the product needs repairs within the warranty period. Hygger zoo One-year Limited Warranty does not cover damage caused by the following:

- 1) Artificial damage
- 2) Improper use or maintenance
- 3) Modifications or repairs without the written permission of Hygger zoo

If you have any other questions regarding warranty service or product use, please contact us at zoo@hygger-online.com upon presentation of proof of purchase and product information, and

we will solve the problem for you as quickly as possible.

We reserve the right of final interpretation regarding the warranty coverage of this product.
